**INFORMATION DISCLOSURE STATEMENT**

Sir:

In accordance with the Applicant's duty to disclose information, which may be material to the examination of this application, the undersigned respectfully requests that the Examiner consider on the merits the documents listed on the enclosed Form PTO-1449 (modified) before issuing the first Office Action on the merits.

The documents listed on the enclosed Form PTO-1449 (modified) were cited in a Japanese Office Action issued in a corresponding Japanese Patent Application No. 2006-516955. Copies of the foreign patent documents and their English abstracts are enclosed. Copies of the Japanese Office Action and its English-language translation prepared by Applicant's Japanese counsel are also enclosed. Applicant's Japanese counsel has instructed the undersigned that the enclosed abstracts are adequate for the foreign language cited art. In accordance with 37 C.F.R. § 1.98(a) (2) (ii), a copy of the U.S. patent document listed on the enclosed Form PTO-1449 (modified) is not enclosed.

The filing of this Information Disclosure Statement (IDS) shall not be construed as a representation that a search has been made (37 C.F.R. 1.97(g)), an admission that the information cited is, or is considered to be, material to patentability, or that no other material information exists.

The Applicant believes that this IDS is being submitted before the issuance of a first Office Action on the merits and before the issuance of a Final Rejection or Notice of Allowance. Therefore, no official fees should be due; and this IDS should be considered on the merits. If this IDS is being submitted after the issuance of the first Office Action on the merits and before the issuance of a Final Rejection or Notice of Allowance, please contact the undersigned to authorize a payment of \$180.00 (or any other required amount), which is the fee set forth in 37 C.F.R. § 1.97(c), if the Examiner believes that such a fee is due in order for this IDS to be considered on the merits.

The filing of this Information Disclosure Statement shall not be construed as an admission against interest in any manner. (Notice of January 9, 1992, 1135 O.G. 13-25, at 25.)

The person making this statement is the practitioner who signs below on the basis of information supplied by an individual associated with the filing and prosecution of this application (37 C.F.R. § 1.56(c)) and on the basis of information in the practitioner's file.

**CERTIFICATE OF TRANSMISSION**

I hereby certify that this paper (and any enclosure referred to in this paper) is being transmitted electronically to the United States Patent and Trademark Office on November 17, 2010 by

Ilya Malinskiy
